

Ed Hassinger, District 6 Engineer

SINGLE FEASIBLE SOURCE PURCHASE POSTING NOTICE

The Missouri Department of Transportation has determined that only one source can provide the products or services described below.

Title: 7-006090130 – Original Software Coding for Lindbergh Tunnel

Description: The Missouri Department of Transportation, General Services, to the best of their knowledge, has determined that there is only one known source, Finavon Design, Inc. of Forest, VA., that can furnish the department with history and knowledge of original un-compiled code used for the Lindbergh Tunnel Custom Software.. No other contractor has access to or knowledge of custom Cellstack networked video and alarm system detection system and Cellstack Gateway Server used to interface with the Cellstack Remote alarm handling unit and the four databases which define the multiple video and alarm cross connection requirements linking the Emergency Phone, Fire hose/pull/heat detection and door alarm systems at the tunnel. Purchases for various items may exceed \$25,000 individually and/or cumulatively may be made throughout the calendar year 2009 and expiring on December 31, 2009. This authorization may be extended for one additional 1-year period unless additional suppliers are identified upon the expiration of any single feasible source authorization period.

Issues with this purchase may be directed to Terri Mount, General Services Specialist at 314-301-1431 or Teresa.Mount@modot.mo.gov, until April 25, 2007.

Contract Period: January 26, 2009 through December 31, 2009.
